1969–2009

ETC

Experimental Television Center 1969-2009

is a DVD anthology presenting the electronic media work of one hundred artists who have worked in the Center's Residency Program over the last 40 years. It offers a look at the evolution of unique artist-designed sound and image tools that are the hallmark of the Center's studio and provides a view into the constantly changing artistic practices that have shaped the work over the years.

5 DVD set, with 132 page catalog.
Total running time: 19 hours.
